DIGITAL BUYERS GUIDE

The Buyers Guide has been designed specifically to provide Federal Government purchasing agents, procurement officers, and prime Federal Contractors with reliable product and service suppliers. The Buyers Guide 's Vendor Listings list NAICS codes first, followed by products and/or services offered and all pertinent company information to help you establish bid lists for both short-term and long-term contracts. You can find an easy to use NAICS codes index in front of the guide along with a complete list of suppliers in the product and company index in the back of the purchasing guide.

If you need further assistance using this guide, please call our corporate offices at (805) 963-7470.

What's Inside.....

NAICS Codes

North American Classification Systems, providing codes to group and arrange products, equipment and services.

Product Index

Alphabetical index of products and services available for purchase in this guide. You can search here for specific type of product or service.

Vendor Listings

Here you will find complete vendor information, products and services including phone numbers, address, sales contact, and complete company description and more.

Company Index

Alphabetical index of the companies appearing in this issue. If you know the company name you are searching for, check here for quick access.

Globecomm gives you access to forward-deployed, self-powered satellite communications platforms providing IP connectivity for voice, video and data anywhere in the world. Unlike typical quick-deploy solutions, the FAST platform is enterprise-class, able to deliver tens of megabits of connectivity and technology options that can turn the platform into multipurpose hub for local communications.
